## ABOUT BxB

*The quality and creativity of BxB brand image are like seeds being spread all over the world.*

BxB Electronics Co., Ltd. is a professional manufacturer specializing in PA and AV systems. Founded in 1991, for almost 20 years we have always held the rule "Innovate new products, customer foremost" to service everyone.

We have become a popular global supplier by explicit planning. We don't contend against franchisers, we grow with them, and we become the customers' good partner as well.

No matter how big your business is, BxB is the most reliable partner you can trust. We provide the same products for everyone; such as efficient service, stable quality, sufficient supply and excellent technique, and we will work continuously to meet your requirements!
